

REMARKS

During a telephone conference with the Examiner on November 3, a typographical error by the Examiner in the Supplemental Notice of Allowance of October 23, 2009 was observed. The Examiner agreed that this was a typographical error and requested that Applicants make this Rule 312 Amendment to amend claim 51 to correct the typographical error as indicated herein.

The Examiner also agreed to issue another Supplemental Notice of Allowance correcting the "Reason for Allowance" section which also contained a typographical error in the Supplemental Notice of Allowance at page 4, section 6, line 5 which should read "...create decrypted sensitive data and in immediate temporal succession...". This correction in the Reasons for Allowance corresponds with the claim 51 amendment herein from which the Examiner was apparently quoting in part.

The Commissioner is hereby authorized to charge any additional fees which may be required, or to credit any overpayment to Account No.

Respectfully submitted,
